

**BEAR CREEK CAMP**

# NATURE DAY CAMPS

# SUMMER 2021

## Adventure Week (June 21-25)

Amazing adventures to be had by all! We will explore and discover everything the camp has to offer. Experience our low ropes, high ropes, zip line, climbing wall, hiking, boating & swimming.

## Nuts About Nature (June 28-July 2)

We will discover who lives in our wetlands, forests and streams and learn about our insects, birds and flying mammals. We will search for reptiles and amphibians and explore our swamps, bogs and vernal pools.

## Eco Explorers (July 12-16)

Grab your hiking boots and off we go! Let's explore the remote areas of the Bear Creek Camp: CA Mills, Ice House, the Gallows, Hoot Owl Pass, Hemlocks and so much more!

## Wilderness Survival (July 19-23)

Learn basic survival skills such as shelter building, fire starting, outdoor safety and other skills to provide personal growth in the outdoors. We will have fun creating our own survival base camp.

## Wet and Wild (July 26-30)

Be prepared to get wet and have a wild time! We will explore our many water features and discover what lives within them - newts, frogs, turtles and crayfish to name a few!

## Outdoor Olympics (August 2-6)

The outdoor olympics are coming to BCC! Compete to take home the gold with events on land, sea and air! Guaranteed to be an internationally awesome good time!

## End of Summer Blast (August 9-13)

Swimming! Boating! Hiking! Fishing! Ropes! Slip-n-slide! Arts & Crafts! S'mores! All of your favorite camp activities jammed in for one last time!

### PLEASE NOTE:

A minimum of 4 campers per program block is needed. If a program needs to be cancelled, we will make every attempt to contact you promptly. Registration will be closed the Thursday prior to each camp week.

## NATURE DAY CAMP

**\$190/Week** Monday-Friday 8:30 am-3pm for ages 4-14

**Sibling Discount: First child is full price, each additional will receive a \$10 discount.**

**A note on program flexibility:** In this time of uncertainty, we are working hard to make sure that we capture the essential elements of the Bear Creek experience while also keeping our campers, families, and staff as safe as possible. We are closely following the recommendations of state and national health authorities, the American Camp Association, and Lutheran Outdoor Ministries to ensure that all that we do is done with an intentional eye towards safety. Aspects of our programming will necessarily be different this summer than summers before and we will continue to communicate these with our camper families leading up to their time at camp.

### JR. ENVIRONMENTAL EDUCATION COUNSELORS

Do you like to work with children? Are you interested in sharing your love of the environment through games & crafts? High school students 15 years and above can volunteer for our Jr. Counselor program.

### OVERNIGHT CAMP

Bear Creek Camp also offers a residential, overnight camping experience for children who have completed 1st through 12th grade. Learn more at [bearcreekcamp.org](http://bearcreekcamp.org)

Join us to explore, celebrate and grow in God's creation at Bear Creek Camp's

# NATURE DAY CAMPS

Nature Day Camp is for ages 4-14. Campers will be grouped together based on age which will allow them to experience all the age appropriate activities that Bear Creek Camp has to offer.

**What do we LEARN at Nature Day Camp?**  
Campers start their day with a fun, activity-based Bible study, and then continue the fun and learning with hiking, aquatic activities, games, arts and crafts, and more! As campers grow individually and as a group, they will discover ecological connections in the world around them.

The Lord is good! God's love and faithfulness will last forever. PSALM 100:5
