

BUY A BRICK AND HELP BUILD OUR TINY HOUSE VILLAGE FOR PHILADELPHIA

Building a path to end homelessness one brick at a time

Brick by brick...you can support Sanctuary Village's tiny house community - a safe place for individuals living on the streets of Philadelphia to transition from chronic homelessness. By purchasing a brick – engraved with your own personal message – that will be built into the landscape of our village in Holmesburg (Northeast Philadelphia), you can help change lives.

You can honor or commemorate someone important to you by ordering a brick here.
