# NATURE DAY CAMP

Nature Day Camp is for ages 5-14. Campers will be grouped together based on age which will allow them to experience all that Bear Creek Camp has to offer.

Campers start their day with a fun, activity-based Bible study, and then continue the fun and learning with hiking, aquatic activities, games, arts and crafts, and more! As campers grow individually and as a group, they will discover ecological connections in the world around them.

Aftercare is available - contact us!
