The Time Travelers Band will transport you as they celebrate 70 years of Rock history. You'll criss-cross the continent, from San Francisco, during the Summer of Love, all the way to The Motor City of the mid-1960s. You'll head northwest, to the windswept plains of Alberta, Canada, then south, to Memphis.

And no trip through Rock history would be complete without a journey to the United Kingdom, landing in Liverpool.

Join us for *Pioneers of Rock*. Your flight for this unforgettable journey leaves soon!
